Wisconsin International Transplant Nurses Society (WI ITNS)

Mission Statement
The WI ITNS is committed to the promotion of excellence in clinical transplant nursing through the provision of:
- Education and professional growth opportunities
- Interdisciplinary networking and collaborative activities
- Nursing research

Program Objectives
- Describe the transplant evaluation process for heart, lung, liver, kidney, and pancreas candidates, including the pediatric and psychological perspective
- Describe organ allocation and OPO updates
- Describe current immunosuppression protocols
- Identify discharge readiness
- Discuss sexuality concerns post-transplant
- Review the management of bone disease, HTN, and Hepatitis C after transplantation
- Learn practical tips to critique a research article
- Identify ways caregivers can care for themselves

TRANSPLANT: Sharing and Caring
