The Healthcare Landscape from the CEO's Perspective

This is a unique opportunity to hear from and dialogue with UWHC’s President and CEO

Donna Katen-Bahensky,
President and CEO, UW Hospital and Clinics

Wednesday, December 9, 2009
1300-1400 • HSLC 1325

1.0 contact hour will be awarded for this program.

Donna Katen-Bahensky is the President and Chief Executive Officer (CEO) of University of Wisconsin Hospital and Clinics. Donna’s distinguished career began at the University of Nebraska Medical Center, where she rose to the position of Chief Operating Officer (COO). She has also served as Executive Vice President and COO at the Virginia Commonwealth University Health System and Medical College of Virginia Hospitals and Clinics. Before coming to UWHC, she was the CEO of the University of Iowa Hospitals and Clinics, and the Senior Associate Vice President for Medical Affairs at University of Iowa Health Care. Donna holds a B.A. in anthropology and a master’s of science degree in public health administration with an emphasis in health services management. Among her many professional activities, Donna is one of seven CEOs serving on the New American Foundation’s Health Policy Program, Health CEOs for Health Reform. She was named a 2008 “Family Champion” by Working Mother magazine and was made a lifetime member in the Girl Scouts of the USA for her contributions to the program.
