At the conclusion of this month’s Nursing Grand Rounds clinicians will be able to:
- Compare the depth and variety of research, evidence-based practice and quality improvement projects being conducted by nurses in the Madison area, along with UW Health partners, to advance the science of nursing and improve patient care.
- Identify a spirit of inquiry to engage in research, evidence-based practice and/or a quality-improvement project.
- Discuss resources, guidance and support available at UW Health to support nurses to be actively engaged in research, evidence-based practice and quality improvement projects.

Tuesday, April 26, 2016 • 1400-1500 • HSLC 1345

This presentation will be recorded and posted on U-Connect in the Grand Rounds section of the Education and Development for Nursing and Patient Care Services page.
