Study Abroad
What is Study Abroad?

- Students can spend a year, semester, summer, winter intersession or spring break studying in another country
- IAP has more than 200 programs in more than 70 countries
- International Academic Programs sends about 1200 students abroad each year
- Earn UW credit
- Scholarships are available
Why Study Abroad?

• Career Advancement
• Academic Goals
• Language Skills
• Personal Growth
• To Have Fun!
• Make New Friends
How to Apply

Visit [www.studyabroad.wisc.edu/apply.html](http://www.studyabroad.wisc.edu/apply.html)

Complete online application: essays are included in the online application, please be thoughtful as these are read by the selection committee. You may save and return later.

Review scholarships available in the online application.

Submit supplemental material in person to the Study Abroad Resource Center in 106 Red Gym.
How to Apply

• Log in using your UW NetID
• Scroll down and select the program in the drop-down menu

The online application does not provide information about programs. Detailed program information is available on the IAP website and in the Study Abroad Resource Center (106 Red Gym - open Monday-Friday from 8:00am-4:30pm - peeradvisor@studyabroad.wisc.edu). If you want to open a second browser window to review IAP programs, please do so by clicking here.

To review a complete list of required application materials for a particular program, select a program from the drop down below. This list is for reference only. After starting your on-line application you will again have access to this list of forms as well as instructions for submitting the forms.

To see the required application materials for a program, select the matching program below:

• The program application will note any other supplemental materials you may need to complete (e.g. essays, student records, letter of reference).
• You may save and come back later to complete your application.
Applying for Scholarships through IAP

You will be able to log in after submitting your application to complete the scholarship application process.

Scholarships applicable to your program will appear in the drop-down menu.

If an additional essay is required, it will be noted as part of the scholarship title; otherwise, essay is used from your application.
